IP-S-PDU-SENSOR	*Digital humidity/temperature sensor with 2.5 meter cable*

Digital humidity/ temperature sensor with 2.5 meter cable

Technical information

• Interface	OneWire
• Temp. operating range	-40°C - 125°C
• RH operating range	0 - 100% RH
• RH response time	8 sec.
• T response time	5 sec.
• RH accuracy (range)	± 2% typical ±3% max (20 - 80% RH)
• RH long term drift	< 0,25% per year
• T accuracy limits (range)	± 0,3°C (0,2° C for T only sensor)
• T long term drift	< 0,02°C per year (0,04°C/yr for Temp only sensor)
• Pre calibrated	Yes
