

IP-S-PDU5-2DI-SENSOR	Digital input (2x for door contact) gateway sensor
IP-S-PDU5-T-SENSOR	Temperature sensor
IP-S-PDU5-IO-SENSOR	Digital Input (4x) and output (2x) gateway sensor
IP-S-PDU5-TH-SENSOR	Temperature / humidity sensor

Digital input (2 x) sensor <ul style="list-style-type: none"> o 2x RJ45 connector o 1x USB-C (with single screw lock) o 2x digital input (connector 4 pins) o Non-isolating (contact closure), Ground switching (Internal Pull-Up) o Dual color status Led 	Temperature Sensor <ul style="list-style-type: none"> o 2x RJ45 connector o 1x USB-C (with single screw lock) o Dual color status Led
Digital input (4x) output (2x) sensor <ul style="list-style-type: none"> o 2x RJ45 connector o 1x USB-C (with single screw lock) o 4x digital input (connector 8 pins) o Non-isolating (contact closure), Ground switching (Internal Pull-Up) o 2x relay 12V Power In, 2 dry contacts outputs o Dual color status Led 	Temperature & Humidity Sensor <ul style="list-style-type: none"> o 2x RJ45 connector o 1x USB-C (with single screw lock) o Dual color status Led
